

X Thought: To enable the bookmarks bar by default in Chrome, I first need to open the browser. The next logical step is to double-click on the Chrome icon on the desktop to launch the application and access its settings. Double-click on the Chrome icon on the desktop to open the browser.

🔗 Action: left_double (start_box: [0.02, 0.319, 0.02, 0.319])

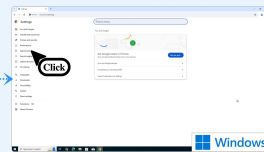

X Thought: To enable the bookmarks bar by default in Chrome, I need to access the browser's settings. The three-dot menu icon in the top-right corner is the gateway to the settings, so the next step is to click on it to reveal the dropdown menu. Click on the three-dot menu icon in the top-right corner of the Chrome window to open the settings menu.

🔗 Action: click (start_box: [0.984, 0.056, 0.984, 0.056])

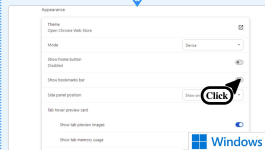

X Thought: To enable the bookmarks bar by default in Chrome, I need to navigate to the settings page where this option can be configured. Clicking on the "Settings" option in the dropdown menu will take me to the appropriate section to make this adjustment. Click on the "Settings" option in the dropdown menu to access the Chrome settings page.

🔗 Action: click (start_box: [0.873, 0.642, 0.873, 0.642])

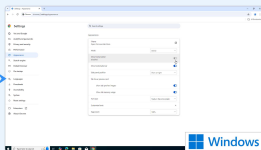

X Thought: To enable the bookmarks bar by default in Chrome, I need to access the "Appearance" settings, as this section typically contains options related to the browser's visual elements, including the bookmarks bar. Click on the "Appearance" option in the left sidebar to access settings related to the browser's appearance, including the bookmarks bar.

🔗 Action: click (start_box: [0.052, 0.303, 0.052, 0.303])

X Thought: To enable the bookmarks bar by default in Chrome, I need to activate the "Show bookmarks bar" toggle switch. This action will ensure that the bookmarks bar is displayed by default in the browser, fulfilling the task objective. Click on the "Show bookmarks bar" toggle switch to enable the bookmarks bar by default.

🔗 Action: click (start_box: [0.661, 0.375, 0.661, 0.375])

X Thought: The task of enabling the bookmarks bar by default in Chrome has been successfully completed, as evidenced by the active toggle switch. At this point, I should confirm the completion of the task and submit it, ensuring that no further adjustments are necessary. Submit the task, confirming that the bookmarks bar has been successfully enabled by default in Chrome.
